

۱. Scientific Contributions (more than ۲۰), including:

Founder (and First president) of The NRCGEB (National Research Center for Genetic Engineering and Biotechnology)

۲. Founder (Chairman and Editor)

the International Journal of Sciences (J. Sci. I.R.Iran), National Center for Scientific Research and university of Tehran

۳. Founder (and first chairman)

the Genetic Field and the Genetic Dept., Fac. of Basic Sciences, Tarbiat-Modarress Univ

۴. Founder (and first chairman)

Dept. of the Medical Genetic; Fac. of Medicine, Univ.of Tehran Medical Sciences

۵. Founder of many Laboratories in Molecular genetic, genetic engineering, Molecular biotechnology, Cytogenetics, Molecular biology and Medical molecular genetics in NRCGEB**۶. Director and co-director of many National, Regional and International Research Projects****۷. Organizer and co-organizer of number of Seminars, Workshops, Short Courses, etc. in different areas of biology, especially, molecular genetics, biotechnology and genetic engineering****۸. Preparation and complete Compilation of educational-research program of the M.Sc. level of genetics for the Universities of the Ministry of Science, Research and Technology****۹. Serious Participation in Preparation and Compliation of education-research Programs of the M.Sc. level of Human Genetics as well as Ph.D. level of Medical genetic for the Universities of the Ministry of Health and Medical Education****۱۰. Extensive and Continuous Cooperation for Preparation and complete compilation of graduate Studies Programs (M.S. and Ph.D.) of many Courses of biological sciences in the Ministry of Science, Research and Technology and the Ministry of Health and Medical Ed****۱۱. The referee of hundreds Research Articles in the fields of Biological and Medical Sciences for many Scientific and Research Journals****۱۲. The referee of more than four hundreds Research Projects in the fields of Biological and Medical Sciences for a number of Universities and Research Centers****۱۳. The referee of many Biological/Medical books for Publication for a number of Universities and Research Centers**
